

Boom Solutions Private Limited (BBBS) inaugurated its advanced research and development facility, SHAKTI - Solutions Hub for Advanced Knowledge, Technology & Innovation. Located in Pallikaranai, the 20,000 sq ft facility can house over 200 Engineers, marking the expansion of the company. The inauguration ceremony was led by Rajesh Kumar Pathak, secretary, Technology Development Board, who emphasised the importance of industry-led innovation.

## 'NestCFirst' platform to simplify loan servicing

**CHENNAI:** Nestavia Home Finance Private Limited, unveiled its customer-first mobile application, 'NestCFirst' on Friday. Developed by Novac Technology Solutions, it is designed to simplify and streamline loan servicing as the unified platform brings together critical loan functions into a single, digital interface, enabling borrowers to track, access, and manage their loan information and service requests, without waiting periods or charges. Suchindran VG, MD-CEO, Nestavia Home Finance, said, "This is a big step for us in enhancing customer experience and delivering quality services with our approach."
